Hello,

I am Chris Carlin, an attorney in San Antonio, Texas.

I am writing to inform you that our home was 'thumped' with a very loud noise tonight around 11:00 p.m.

This noise was loud enough, and jarring enough, that my wife and I went outside to inspect what could have caused this noise and we found one of your employees prowling on the property nearest to our house.

Your representative is staying at the Air B&B at 608 Westwood Drive, San Antonio, Texas 78212, and I live in the property located immediately next door at 604 Westwood Drive, San Antonio, Texas 78212. To be clear, our property is the property immediately east of the location wherein your representative is staying right now.

The vehicle that your representative is driving has your logo on the door and has a California license plate 6600X3.

I confronted your representative as to what he was doing on the property line near our home at 11:00 p.m. at night and his best answer was that he was going out to his truck.

For your information, the truck that he was 'going out to' was located on the opposite side of the house from where I saw him.

As I mentioned, we were in our home when we heard our house jarred by a loud sound. I immediately went outside and saw your representative leaving the area near our house. I confronted your associate about his business near our home and he did not have a good answer. He began accusing me, etc.

I am writing to you to inform you that our home has become the target of a gang of criminals that is being controlled by political forces within the United States government. We have had a very bad problem with 'troublemakers' following us around and threatening us ever since we briefly got involved with the Republican Party of Texas.

We used to support Donald Trump for President until we discovered that there was a team of people spying on our home life and communications. I have reported this to the FBI, to the Texas Rangers, and to the San Antonio Police Department.

Tonight, this activity that drew me outside of my home to find your representative in the front yard near our side of the house was timed to directly coincide with important materials that I was working on through my ipad.

This has become a common occurrence where the Trump administration is using criminal agents on the ground in an attempt to interact with our home in a threatening manner while I am working on specific materials on my computer devices.

This problem has been so threatening that a man with a gun was sent to confront me in my own front yard immediately near the area where we saw your employee tonight. The man shot that gun, and I reported that gunman to the police.

I am writing this message to alert you that it appears that your representative is involved with this type of operation and his demeanor was directly in line with the behavior of everyone else that we have encountered through this criminal operation.

As I mentioned, this is a problem that immediately began when I joined the local political party that is connected to

Donald Trump. I am informing you now that your business is being recorded into my notes and journals as one of the many outlets that have been used to cause harassment and abuse to our home.

I am alerting you that the employee that is currently staying at 608 Westwood Drive in San Antonio, Texas, is likely involved in some sort of 'gang' or 'mafia' or 'criminal club' that is being used by politicians to spy on and harass their political opposition.

If you would like to discuss this matter more, I am happy to speak with you or write to you in greater detail.

Thank you for your attention to this very important matter.

Kindest regards,

Chris Carlin,
210-500-0672
